WINDOW NATION

ADDISON LITE SERIES | REPLACEMENT WINDOWS

THE WINDOW NATION FOUNDERS STORY

At Window Nation, we know replacement windows.

We're third-generation window replacement experts who have been lucky to provide homeowners replacement windows, siding, and doors for over fifteen years. Our co-founders Harley and Aaron Magden grew up in the window replacement industry, learning the business from the ground up. We opened our first showroom in Maryland in 2006, quickly growing to serve homeowners in cities across the country – and we're not stopping there. We're grateful for every homeowner who has trusted us to upgrade their most important asset: their home.

We've learned a lot about home improvement over the years, but the most important thing we learned isn't about window replacement. We learned the home improvement industry isn't about offering the best windows, siding and doors; it's about the relationships we build with our customers. Your home is your most important asset, and we don't take the opportunity to work with you lightly. There's nothing more important to us than providing high-quality windows, siding and doors to help you turn your house into your dream home.

Our team at Window Nation will go the extra mile to ensure your project goes smoothly. We pride ourselves on our attention to detail, and you can feel comfortable knowing you're working with one of the most experienced, detail-oriented teams in the industry.

Our team undergoes hours of ongoing training and education on the latest technology, products, and techniques to ensure our company exceeds your expectations.

Our goal at Window Nation is to help our customers find the perfect windows, siding and doors for their home. We want our customers to feel good about their decision to work with our company, and our team will go above and beyond to ensure you have the best possible experience. Our exterior design consultants are specially trained in the best practices in window replacement, helping you find the perfect fit for your home and wallet. We offer a variety of window styles, custom-made to fit your home's unique needs.

When you choose replacement windows from Window Nation, you'll enjoy a curb appeal boost while keeping your home comfortable no matter the season. All Window Nation products are Energy Star certified, saving you money on your energy bills no matter the season.

There are many home improvement companies eager for your business, and we're honored you're considering Window Nation for your project. We don't take your decision to work with our team lightly, and we look forward to helping you find the perfect windows, siding, and doors for your home.

What our customers are saying

"Wow! So happy with our purchase and couldn't recommend more! The windows look beautiful and the installers were all so kind and trustworthy. We are so happy with our purchase and highly recommend Window Nation!"

- Gina S.

Addison Lite Double-Hung Window

Our scaled down version of the Addison, the Addison Lite double-hung windows, delivers design details, like our stylish beveled sashes, and energy-efficient options, such as insulated dual-pane glass and heavy-duty weatherstripping. It's thoughtful engineering and aesthetic details like these that make the Addison Lite double-hung the ideal replacement window for any budget-conscious remodeling or renovation project.

Best-in-class features:

- 1 Welded, heavy-duty vinyl construction provides superior strength and durability while multiple hollow chambers in the mainframe create sealed air spaces for an effective insulating barrier.
- 2 The beveled exterior edge adds style and curb appeal to an already sleek design.
- 3 Insulated glass unit creates a sealed air space between the panes that is enhanced by our warm-edge spacer system and argon gas enhancement.
- 4 Metal-reinforced meeting rail delivers superior strength and durability.
- 5 Recessed, opposing cam locks evenly secure your window without interrupting sight lines.
- 6 Detent clip keeps the top sash from drifting while an inverted-coil balance system ensures both sashes will stay where you put them, no matter the position.
- 7 Push-button vent latches allow for overnight ventilation while giving you added peace of mind.
- 8 Welded combination sill featuring a deflection leg enhances rigidity and a five-degree sloped sill directs water away from the home and eliminates unsightly weep holes.
- 9 Full-length, integrated ergonomic lift rails provide convenient, easy operation. Bevel on bottom rail makes gripping easy.

GLAZING TYPE	U-VALUE	SHGC
Argon and Low-E single strength glass	0.28	0.26
Argon and Solar Low-E glass*	0.28	0.21

*Solar Low-E glass only available in Southern ENERGY STAR® locations.
